You or your parent(s) reported a marital status change since your original financial aid application (FAFSA) was filed. Federal regulations say that the marital status answer can be corrected only if a mistake was made when filling out the original FAFSA for 2010-11 school year. The marital status cannot be updated by the student/parent.

**You will need to complete the parental information section if you were required to provide parental information at the time the FAFSA was originally filed.**
