****Note:** This Supplemental Scholarship Application is your first step to be considered for several unique Boise State Scholarships as well as several academic departments/college scholarships. After completing this application, utilize the “How to Apply” information on the Boise State Scholarship web site for additional scholarships excluded from this application. At that site you will find links for other departmental scholarships, private scholarships, and free national searches.

The academic departments and colleges at Boise State all offer scholarships. Each academic division is responsible for separate awards. If your department has a separate scholarship application it will be posted on the Scholarship web site under “Departmental/College Scholarships.” If you do not see your academic department, no application is necessary. Scholarships will be awarded based upon admissions information and current Boise State academic performance.

Some scholarships require a resume, essay, or letters of recommendation. Please attach those additional documents to this application at the time you submit it. If you fail to submit all the necessary materials by the deadline, your application will not be complete and you will not be considered for the scholarship.
