O’Reilly-Hyland maintains an active role in numerous organizations dedicated to helping those in need both at home and abroad, in addition to playing a key supporting role in numerous other organizations dedicated to the overall enrichment of the lives of those in need.

Paul O’Reilly Hyland’s numerous philanthropic endeavors include work with:

*Ubuntu Africa* – Founded in order to help support the needs of HIV-positive children in South Africa, Paul O’Reilly-Hyland is a board member and Vice Chairman. He and Joelle Wyser-Pratte are both strong supporters of the organization, and in the past have worked to raise over $100,000 through the Westchester Triathlon to help Ubuntu Africa reach its goals of caring for and enriching the lives of African children.

*Mariposa DR Foundation*: This organization seeks to better the lives of young women in the Dominican Republic, with its chief goal being to help eradicate extreme poverty through the providing of better educational, health, and support resources for girls and women in need. O’Reilly-Hyland has become involved with the organization through wife Wyser-Pratte, who serves on the advisory board of the organization.

As someone who found his own success abroad, Paul O’Reilly-Hyland understands better than most the importance of building and sustaining a strong global community. As such, he is proud to offer this international student scholarship in an effort to grant the same opportunities that he had to those looking to find their success abroad.

It is his hope that by offering this scholarship, he will continue to give back to the international community that has supported him in his own endeavors and that has allowed him to engage in his own philanthropic activities within the global community.
